**MONTOUR HEIGHTS  
COUNTRY CLUB**

**2016 Pittsburgh Amyloidosis Research Benefit  
Montour Heights Country Club  
Friday, October 28  
5:30pm**

Chairwoman Dr. Darcy Tannehill, member of MHCC, has a unique connection to this event. She has Amyloidosis and was first diagnosed in 2012. She is currently the Chair of the Patient Advisory Committee for the Amyloidosis Foundation. Darcy is determined to help contribute to finding a cure for this awful disease that impacts almost every part of one's body and life.

***Funds from this event will allow us to continue our support for ground-breaking medical research.***

The evening will include strolling appetizers, dinner, live music, cash bar and a silent auction. Please show your support and make plans now to attend this elegant evening to support this rare disease. Our goal is to raise donations for the AF Research Grant Program.

Since 2005, the foundation has awarded over \$1 million to young researchers pursuing a cure for amyloidosis.

Tickets are \$175 per person and tables of eight for \$1400. Sponsorships at various levels are also available. You can purchase tickets online at **[www.amyloidosis.org](http://www.amyloidosis.org)** or call the foundation at **1-877-AMYLOID** (1-877-269-5643).

***Proceeds will benefit the Amyloidosis Foundation.***

---

**AMYLOIDOSIS** represents several different types of rare diseases where an abnormal protein called amyloid is produced. One in ten people in the USA have a rare disease. **The Amyloidosis Foundation** is a non-profit organization that supports research through our annual grant program. Our mission is to raise awareness of the disease within the medical community and the public, in addition to providing education, information and support for patients and their families.
