Ordering takeout. Conveniently raise money by doing everyday things. A full list of gift cards is available [here](#).

Types of Gift cards

Shop with Scrip offers E-gift cards, standard gift cards, and reloadable gift cards.

E-Gift cards are purchased on ShopwithScrip.com or with the RaiseRight mobile app and funds are available immediately for your use. You are able to use the gift card right from your mobile app wallet or you can print it out and take the barcode to the store. E-Gift cards can also be sent to someone as a gift.

Standard Gift cards are also purchased on ShopwithScrip.com and with the RaiseRight mobile app. Once you place an order for your standard gift card(s), the foundation is alerted. Each Monday, we will submit our order to Shop with Scrip. The cards will be sent to us and then we will forward them on to you. *(Please allow up to 10 days for your actual cards to be delivered to you.)*

Reloadable Gift cards are the same as a standard gift card except that you are able to reload to the physical card through ShopwithScrip.com or the RaiseRight mobile app. So you only have to order the physical card once and then you are able to reload the card through the mobile app. These new funds are available immediately for use! For example, Jane ordered a \$25 Starbuck's card in October. After visiting her local Starbuck's a few times, she noticed her balance was getting low. Since it is a reloadable card,

she was able to use the RaiseRight mobile app to add additional funds to the card. Each time you reload to your card you raise additional funds for the Amyloidosis Foundation!
